Trimmer Line

# BUILT STRONG. BUILT PROUD. The USA Way. The Duramatic Way!

Duramatic's manufacturing facility in Glennville, GA is a leader in advanced technology, quality control and manufacturing expertise.

In the past decade, we have installed new technologies utilizing advanced equipment and the very latest quality control methods to ensure our blades have exceptional uniformity and demonstrated efficiency.

Whether it's blades, monofilament trimmer line or foam air filters, Duramatic quality is evident.

The USA Way. The Duramatic Way.

**MADE IN  
USA**

100% of our blades are manufactured in the USA at our state-of-the-art plant including over 8 million austempered lawn mower and edger blades each year.

Think you can buy trimmer line and blades 100% made in the USA anymore? Take a look at Duramatic. When you buy our blades, filters and trimmer line, you know every part was made right here in the United States. When you buy Duramatic parts, you're providing good jobs to good citizens of this country.

At Duramatic, we take exceptional pride in manufacturing high quality blades, trimmer line and foam air filters at our headquarters in Glennville, GA. During a day when more jobs and more inventories are lost to overseas suppliers, we're more committed than ever to relying on the USA for quality parts that are second to none.
